

CASINGS

We manufacture any size of casings currently used in drilling field meeting to the DCDMA standard. Also, casings on JIS standard are available.

Casing is made from superior quality tubing material, and is threaded on most modern machinery. Each length is inspected individually for alignment, interchangeability and concentricity.

W Series

Dimension	RW mm	EW mm	AW mm	BW mm	NW mm	HW mm
Casing O.D.	36.5	46.0	57.2	73.0	88.9	114.3
Casing I.D.	30.2	38.1	48.4	60.3	76.2	101.6
Wall thickness	3.15	3.95	4.40	6.35	6.35	6.35
Weight kg/3M	7.8	12.3	17.1	31.2	38.8	50.5

JIS (JIS M-1411)

Dimension	43 mm	53 mm	63 mm	73 mm	83 mm	97 mm	112 mm	127 mm	142 mm
Casing O.D.	43	53	63	73	83	97	112	127	142
Casing I.D.	37	47	57	67	77	90	105	118	133
Wall thickness	3.0	3.0	3.0	3.0	3.0	3.5	3.5	4.5	4.5
Weight kg/3M	9.0	11.0	13.2	15.6	17.8	24.4	28.2	40.8	46.0
